

Mrs. Brester's Class 02-3-12

Curriculum and Classroom Updates

Reading

This week we continued our literature circle groups in which the kids are reading Newbery Award winners. This rotation we are focusing on implicit comprehension skills.

Math

This week we focused on area, perimeter, geometry and some measurement concepts. Next week, we will continue the geometry and measurement unit, as well as continuing our timed tests for multiplication. Kids should be practicing their multiplication facts at home. Please let me know if you have any questions regarding this process.

Oregon Geography and Animals

This week we continued our unit on Oregon geography. The kids painted the regions of Oregon on their relief maps and they look fantastic! We will be wrapping up our Oregon geography unit next week and starting our animal and research unit.

Science Fair

Science Fair registration is in full swing. The kids are really excited for this event. If you would like your child to participate, please check out the Stafford Website for more details and sign up information.

Valentine's Day Supplies and Party

Please send in a box the size of a shoe box or cereal box which will be used to hold your child's Valentines. He or she will decorate the box here at school. Please include any special decorations your child would like to use (we will provide different colored papers, etc.). Please have all of these supplies to school by Wednesday, February 8th. Also, our Valentine's Day party will be on February 14th at 8:45am. We will be going to Tanner Springs Assisted Living Facility from 8-8:40 to sing songs and pass out Valentines to the residents. Then we will have our party as soon as we return.

Quick Notes:

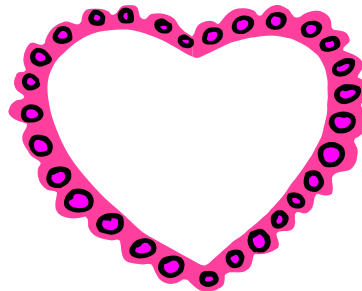

If your child would like to get a head start on his or her Valentines, here is a list of all the students in our class (please be sure your child makes a Valentine for each student and brings them in on Valentine's Day :)

Volunteers and Vacuums :)

Thank you to everyone who offered to volunteer for our Franz field trip! I have drawn for the trip and notified the volunteers.

If anyone happens to have a vacuum at home that they are not using and would like to donate it to our classroom, please let me know.

I hope that everyone has a wonderful weekend. Please do not hesitate to contact me if you have any questions or concerns. brestert@wlwv.k12.or.us
