

Dear Families,

It is a Stafford tradition for the younger grades to decorate gingerbread houses during the holiday season. We have a local supplier who provides us with amazing individual house kits. We will be making one house as a class, but if you would like your child to be able to make a gingerbread house of their own to take home please place your order. We will have time and support for students to build the houses in class.

The cost is \$5.50 per kit. We will also be asking for candy donations for decorating, as we get closer to winter break. Please return this form to school with \$5.50 for your child's kit. We need all money sent to school by next Friday (the 18th).

Thank you for your support in this fun project!

Ms. Lefferts
